PC Computing BEST

PC Computing MVP WINNER

NOVEMBER 1993 BYTE BEST HIGH-QUALITY COLOR PRINTER

MW EDITORS' CHOICE

MacUser RATED 3½ JANUARY 1994

Just as color monitors are no longer a novelty, color printers are rapidly moving into the mainstream business world. And Tektronix is leading the way. For more than a decade, we've advanced the art of color printing with an impressive record of "firsts." Tektronix was the first to bring low-cost color ink-jet printing to the desktop. We introduced the world's first 600 dpi color printer. And we partnered with Adobe to bring you true-color PostScript capabilities. No one but Tektronix offers all five color printing technologies. From ink-jet to dye sublimation, we provide the broadest selection of award-winning models and configurations in the industry. And no one works harder to deliver superior print quality, high-performance print speed, and cross-platform compatibility — at a price every workgroup can afford.

Phaser 140

BEST LOW COST

Fast, affordable color printing

At a Glance

- ✔ Liquid ink-jet
- ✔ 360 x 360 dots-per-inch
- ✔ Adobe PostScript Level 2
- ✔ Shareable with PCs, Macs, and workstations
- ✔ Tektronix quality for only $1,695

Target Markets

- ✔ Business users: reports, newsletters, proposals with color graphs or charts, and color overhead transparencies.
- ✔ Graphic designers and artists: design and package comps and storyboards.

Key Selling Points

- ✔ Affordable, entry-level price point in the Tektronix color printer family.
- ✔ Compared to other products in its class, the Phaser 140 offers an extremely fast controller for fast image processing and high-resolution printing.

Key Feature

- ✔ Fast printing:
  Color: 1 page per minute, 1 transparency per 4.9 minutes; *Black-and-white:* 2 pages per minute.

How the Phaser 140 Wins Against the Competition

- ✔ Better color print quality. A Phaser 140 prints at 360 dpi compared to just 300 dpi for a 1200C/PS.
- ✔ Lower cost. A Phaser 140 lists at $1,695. That's over 15% less than a 1200C/PS price tag of $1,999.

Compare for Yourself

BEST TRANSPARENCIES

Phaser 240

Fast, high-resolution color overheads

At a Glance

- ✔ Thermal-wax transfer
- ✔ 600 x 300 and 300 x 300 dots-per inch
- ✔ Adobe PostScript Level 2
- ✔ Shareable with PCs, Macs, and workstations
- ✔ Fast presentation printer

Target Markets

- ✔ Business users: color overhead transparencies.
- ✔ Graphic designers, engineers, and business users: anyone who needs fast, high-quality color printing.

Key Selling Points

- ✔ TekColor SuperCell 600™ means high-resolution color printing.
- ✔ Prints on common laser paper.
- ✔ Makes superior color overhead transparencies.

Key Feature

- ✔ Plain-paper printing.

How the Phaser 240 Wins Against the Competition

- ✔ Faster printing for greater productivity. A Phaser 240 is two times faster than a QMS 210.
- ✔ Superior color print quality. A Phaser 240 prints in color at 600 x 300 dpi, a QMS 210 at only 300 dpi.

Compare for Yourself

Phaser 340

Tektronix' fastest office color printer

At a Glance

- ✔ Fast: 4 pages per minute
- ✔ 600 x 300 and 300 x 300 dots-per-inch
- ✔ Adobe PostScript Level 2
- ✔ Shareable with PCs, Macs, and workstations
- ✔ Prints on Letter-size media

Target Markets

- ✔ General office workgroups: Letter/A4-size color and monochrome documents, overhead transparencies, and color handouts.
- ✔ Graphic designers: Letter/A4-size color design comps and roughs.

Key Selling Points

- ✔ Easy-to-use, high-performance, fast, plain-paper color printing.
- ✔ Great color quality on plain paper.
- ✔ Convenient color copying (optional Phaser CopyStation).

Key Feature

- ✔ Fast, plain-paper printing.

Plus Configuration

Add greater productivity to your workgroup with the optional Plus configuration, adding 600 x 300 dpi print quality, fast performance with job pipelining, 52 additional fonts, and a full 24 Mbytes of RAM.

How the Phaser 340 Wins Against the Competition

- ✔ Faster printing: A Phaser 340 prints 4 pages per minute — twice the speed of an HP Color LaserJet.
- ✔ Ease-of-use: A Phaser 340's easy-to-use solid ink sticks get you back to printing quickly; an HP Color LaserJet has *13* separate consummables to replace.

Compare for Yourself

TEKTRONIX Phaser 340	HP Color LaserJet
Technology Solid ink	Color laser
Resolution (dpi) 600 x 300 color and 300	300

Language Adobe PostScript Level 2, PCL5 (monochrome), HP-GL	Adobe PostScript Level 2 (optional), PCL5C
Networking *(Optional)* Bi-directional parallel; *(Phaser Share network cards; Ethernet Token Ring & LocalTalk/serial)*	Bi-directional parallel; *(Ethernet, Token Ring, LocalTalk)*
Warranty 1 year return-to-depot	1 year on-site
Print Cost of Letter-size Page: 20% coverage: 11¢	20% coverage: 11¢
US Price (MSRP) $4,995 $5,795 (Plus configuration)	$7,295 (PCL5C only) $8,094 (with PostScript)

Phaser 540

BEST
HIGH VOLUME

High-performance laser color printing

At a Glance

- ✔ Color laser
- ✔ 600 x 600 and 300 x 300 dots-per-inch
- ✔ Adobe PostScript Level 2
- ✔ Shareable with PCs, Macs, and workstations
- ✔ Prints on Letter-size media

Target Markets

- ✔ General office workgroups: Letter/A4-size color and monochrome documents, overhead transparencies, and color handouts.
- ✔ Engineering and scientific professionals: data analysis and graphic arts applications.

Key Selling Points

- ✔ High-quality, high-speed, photo-realistic color laser printing.
- ✔ Prints on plain paper.

Key Feature

- ✔ Speed.

Convenient Color Copying

Add greater productivity to your workgroup with the optional Phaser CopyStation. The CopyStation enables you to make color copies on the Phaser 540. It's an easy way to duplicate commercially printed material, photographs, or other originals.

How the Phaser 540 Wins Against the Competition

- ✔ Speed: At 3.5 pages per minute, a Phaser 540 is nearly double the speed of an HP Color LaserJet.
- ✔ Superior print quality: A Phaser 540 prints at 600 dpi, compared to just 300 dpi for an HP Color LaserJet.

Compare for Yourself

TEKTRONIX Phaser 540	HP Color LaserJet
Technology Color laser	Color laser
Resolution (dpi) 600 (halftone and continuous-tone) and 300 (continuous-tone)	300 (halftone)
Page Size Letter	Letter
Media Types Plain paper and Transparencies	Plain paper and Transparencies
Maximum Print Speed 3.5 pages per minute	Up to 2 pages per minute

US Price (MSRP) $8,995	$8,400 with PostScript

BEST ANY PAPER

Phaser 300i

Large-format color printing on any paper

At a Glance

- ✔ Solid ink
- ✔ 300 x 300 dots-per-inch
- ✔ Adobe PostScript Level 2
- ✔ Shareable with PCs, Macs, and workstations
- ✔ Prints on any paper from postcards to card stock

Target Markets

- ✔ Graphic designers in large studios or ad agencies: color design comps, storyboards, and roughs.
- ✔ Graphic design workgroups: full-bleed, Tabloid-size color prints on any media.

Key Selling Points

- ✔ Any paper, any size.
- ✔ Best color quality on plain paper.
- ✔ High-performance, fast color printing.

Key Feature

- ✔ Prints on any paper.

How the Phaser 300i Wins Against the Competition

- ✔ A Phaser 300i offers true plain-paper printing; a QMS 230 prints on special thermal-wax transfer paper only.
- ✔ Double-sided printing is easy on a Phaser 300i, but is not available on a QMS 230.

Compare for Yourself

TEKTRONIX Phaser 300i	QMS ColorScript 230

BEST PHOTOGRAPHS

Phaser 440

Fast, photo-realistic color printing

At a Glance

- ✔ Dye sublimation
- ✔ 300 x 300 dots-per-inch
- ✔ Adobe PostScript Level 2
- ✔ Shareable with PCs, Macs, and workstations
- ✔ Prints on Letter- and Letter Extra-size media

Target Markets

- ✔ Graphic designers in ad agencies: Letter-size bleeds, photo-realistic comps, and camera-ready artwork.
- ✔ Technical professionals in large commercial and government organizations: imaging and analysis, and full-color scanned artwork.

Key Selling Points

- ✔ Photo-realistic color prints.
- ✔ Maximum clarity for image analysis.

Key Feature

- ✔ Full-bleed prints with photo-realistic color.

How the Phaser 440 Wins Against the Competition

- ✔ Price: A Phaser 440 costs just $7,995; a full $2,000 less than a Kodak XLS 8600 PS price of $9,995.
- ✔ Color-quality: A Phaser 440 offers superb color quality on paper prints; a Kodak ColorEase prints distorted reds and yellows.

Compare for Yourself

TEKTRONIX Phaser 440	Kodak XLS 8600 PS
Technology Dye sublimation	Dye sublimation
Resolution (dpi) 300	300
Page Size Letter, Letter Extra	8.5 x 11 in., 8.5 x 12 in., 8.5 x 14 in., 9.5 x 14 in.

US Price (MSRP) $7,995	$9,995

BEST PHOTOGRAPHS

Phaser 480

Large-format, photo-realistic color printing

At a Glance

- ✔ Dye sublimation
- ✔ 300 x 300 dots-per-inch
- ✔ Adobe PostScript Level 2
- ✔ Shareable with PCs, Macs, and workstations
- ✔ Prints on Letter- and Tabloid Extra-size media

Target Markets

- ✔ Graphic designers in ad agencies: photo-realistic comps and camera-ready artwork.
- ✔ Technical professionals in large commercial and government organizations: imaging and analysis, and full-color scanned artwork.

Key Selling Points

- ✔ Large-format, photo-realistic color prints.
- ✔ Maximum clarity for image analysis.

Key Feature

- ✔ Prints Tabloid Extra-size full-bleed images.

How the Phaser 480 Wins Against the Competition

- ✔ A Phaser 480 has built-in image processing; a 3M Rainbow requires a high-end dedicated Macintosh for all image processing and printing tasks.
- ✔ Price: A Phaser 480 is only $14,995; a 3M Rainbow costs roughly $24,500 with the required server.

Compare for Yourself

Print Cost of Letter-size Page: Any coverage: $2.48	Any coverage: $5.13
US Price (MSRP) $14,995	$20,500 (Roughly $24,500 with required server.)

Sales Support

Tools to Help You Sell

A variety of sales tools are available to help you sell Tektronix color printers, including these offerings:

- ✔ Product brochures
- ✔ Print samples
- ✔ Sales guides
- ✔ Article reprints
- ✔ CD-ROMs
- ✔ Direct mail
- ✔ Advertising tools

Special Programs

These special programs help support yours sales efforts:

- ✔ Corporate evaluation program: Tektronix ships products directly to key accounts for evaluation.
- ✔ Seminar programs: Includes ready-to-give seminars, presentations, speaker notes, and handouts.
- ✔ Co-op program: Choose from a list of qualified, Tektronix-funded activities to do your own local promotions.

Sales Support

Product Information: 1-800-893-7003

Toll-free product information and technical support is available. Our technical support team of applications experts is ready to answer any questions related to color printing.

HAL: 1-800-893-7003

Product information and technical support is also available 24-hours a day through HAL, our Highly Automated fax reference Library. HAL provides the latest product information, sales tools, press releases, application-specific instructions on how to print, and much more. Call HAL anytime. For a complete list of HAL documents, request the catalog: Document #555.

TekColor Today

TekColor Today, our customer newsletter, is packed full of tips and information on color use, how to get the most out of your Tektronix color printer, and much more. It's sent to authorized Tektronix Resellers and to registered Tektronix customers.

RealSUPPORT

Every Phaser color printer includes a one-year return-to-depot warranty with 100% coverage of parts and labor. For extended service, we offer a complete range of RealSUPPORT service plans.
