

The new Innova Book 10 and 10C are designed to give you all the power, speed and options you need in a notebook at an easy-to-access price. And while there is no compromise in technology, you do have a choice between an advanced high-contrast monochrome screen or high-impact color screen. With their lightweight compact design, built-in trackball and pre-loaded MS DOS® and Windows®, the ingenious Innova Book 10 and 10C are the perfect notebooks for fast-moving executives.

Lots Of Power, Little Space

The powerful Intel™ SL enhanced 486SX processor runs at a fast 33MHz. And you get all this performance in a slick compact design that weighs only 4 lbs., which helps keep you light on your feet in the fast-paced business world.

Black and White, Or Color

The Innova Book Series offers you two ways to display your brilliance. You can choose a bright, high-contrast 8.5" backlit LCD monochrome screen VGA 640 X 480 resolution. Or a vivid dual scan color LCD. And with the color 10C model, you can easily connect to an external monitor to view the LCD and monitor simultaneously.

Test Our Memory

The Innova Book 10 and 10C models come with 4MB of RAM. And adding more memory, up to a total of 20MB, takes only a few seconds. So you'll always have the memory you need to handle even the most demanding Windows software.

You're in Business

Your Innova Book is ready to go right out of the box. Powerful software like, MS-DOS V6.21, and MS-Windows V3.11 have been pre-installed for your convenience.

Room To Spare

With a choice of hard drives up to 260MB, these Innova Book models give you the ample storage space you need for all your programs and files. They also include, at no extra cost, an external high-density 3.5" floppy disk drive that lets you transfer data quickly and easily.

Comfortable & Practical

Both models feature an easy-open case that makes it simple and fast to add more memory. Other conveniences include a palm rest, built-in trackball, and full-sized keyboard design.

Fast Repair & Replacement

The Innova Book 10 and 10C were designed to stand up to the most rigorous usage on the road. However, should they ever need service, they are covered by a one-year warranty that offers you a choice of a roadside or a mail-in service. With the roadside warranty, you can get a replacement system in 24-hours, anywhere in the continental United States.
