SUPER-286c

PERSONAL COMPUTER

More Than Compatibility

The Hyundai SUPER-286c runs all major operating system and softwares written for IBM PC AT/T without any compatibility problems.

Compactness

The footprint of SUPER-286c is about 70 percents, of that of IBM PC AT, which provides you more desk space.

Powerfulness

SUPER-286c comes to you with 512KB which is expandable up to 1MB on system board and supports up to three drives—1.2MB FDD, 360KB FDD and HDD (20,30 or 40MB). Also supported are two Serial Ports, one Parallel Port and a Multi-Video Card that gives you both 720×348 high resolution Monochrome Graphics and Color Graphics either on Monochrome or on Color Monitor.

Higher Speed

SUPER-286c's 80286 CPU operates at both 8MHz and 10MHz that enables the lightning-speed you never dreamed before.

Reliability

Hyundai's updated manufacturing technology guarantees years of trouble free operation of SUPER-286c.
