MOBILEPRO™ 750C H/PC

DAZZLING COLOR DISPLAY

LARGE TYPEABLE KEYBOARD

LIGHTWEIGHT—UNDER 2 POUNDS

VGA CONNECTIVITY FOR PRESENTATIONS

INSTANT E-MAIL AND INTERNET ACCESS

PACKED WITH ESSENTIAL BUSINESS SOFTWARE

NEC

Call it the best of both worlds: a handheld computer small enough to slip into a briefcase or handbag—yet powerful enough to put e-mail, business applications, contact files and other essential information at your fingertips

while you're on the road or attending meetings.

The NEC MobilePro 750C

Color Mobile Companion With Power To Spare.

H/PC is the ideal solution for busy professionals who spend as much time away from their desks as they do behind them. Long on performance and short on energy consumption, the MobilePro 750C H/PC lets you stay productive, no matter where your job takes you. It's the ideal companion to your desktop or notebook PC.

AT A GLANCE

- Brilliant, 8" diagonal, 256-color display
- Typeable 80-key keyboard
- Compact—weighs only 1.88 lb.
- 16MB RAM and 16MB ROM
- 80MHz NEC V_R4111™ processor
- VGA port for connecting to desktop monitors
- Built-in modem, microphone, speaker and infrared support
- Compact Flash and PC card slots

NO-COMPROMISE MOBILE COMPUTING

Thanks to the MobilePro 750C H/PC, it's no longer necessary to sacrifice power for portability.

Yes, the MobilePro 750C H/PC weighs less than 2 pounds, making it a breeze to take almost anywhere. But that's only half the story.

The MobilePro 750C H/PC also delivers Herculean power for such a diminutive device. This compact dynamo sports a high-contrast, 8-inch-diagonal color display with highly responsive touchscreen capabilities for immediate access to key applications. In addition, it features the largest typeable keyboard of any Microsoft® Windows® CE 2.0 device, complete with 10 programmable function keys.

Powered by the NEC 80MHz V_R4111 microprocessor, the MobilePro 750C H/PC is equipped with two expansion slots (one for a Type II PC card and another for a Compact Flash card) to give you access to an array of options.

NOTHING NEW TO LEARN

Thanks to the easy-to-use Windows CE 2.0 operating system and the MobilePro 750C H/PC's high-resolution, color display, you'll

experience the same look and feel as when you run Windows 95 on your desktop PC. If you're already familiar with Windows, you'll feel confident using the MobilePro 750C H/PC right out of the box.

What's more, the MobilePro 750C H/PC saves you time by bringing up Windows CE immediately with the touch of a key. This instant-on feature provides true, solid-state computing.

STAY ORGANIZED WHILE ON THE GO

With the personal information management (PIM) software included on the MobilePro 750C H/PC, it's a snap to locate phone numbers, schedule meetings, jot down your tasks for the week, and much more.

All changes and additions you enter on the MobilePro 750C H/PC can be easily synchronized with Microsoft Outlook™, Microsoft Schedule+ 7.0/Exchange, Lotus Organizer, ACT! and other popular PIM applications. PIM functions include:

- Calendar
- Contacts
- Tasks
- Inbox
- Calculator
- World Clock

Plus, you can use the internal microphone and speaker system to capture your quick thoughts or to leave yourself audible reminder messages. Even send these recordings via e-mail to your contacts. The MobilePro 750C H/PC also provides a button that flashes to remind you of appointments.

TAKE ESSENTIAL PC APPLICATIONS WITH YOU

Just because you're leaving your desk for a while, you shouldn't have to forgo your favorite software solutions. With the MobilePro 750C H/PC, that's not a problem: it comes with an extensive collection of key business software.

Quickly create and edit notes, memos, and reports with Microsoft Pocket Word. Review and update budgets with Microsoft Pocket Excel. Take along business presentations to meetings and project them onto a desktop monitor with Microsoft Pocket PowerPoint®. Write directly on the MobilePro 750C H/PC screen and let CalliGrapher™'s handwriting recognition capabilities transform your script into text.

You also get a bonus software CD that includes the following applications to help you work more efficiently while away from your desk:

- Puma™ IntelliSync™ for synchronizing your MobilePro 750C H/PC with PC-based PIM, contact management, and group scheduling applications
- Symantec™ pcANYWHERE™ CE for quick, easy access to files, applications and information on a remote PC
- MicroBurst Virtual Courier™ for accessing cc:Mail™, MS Mail or other LAN-based e-mail systems using the MobilePro 750C H/PC's built-in modem
- CIC® QuickNotes™ Lite for collecting handwritten thoughts, ideas and drawings, and then organizing them by date
- SPRYNET™ for quick Internet access
- BSQUARE™ bFAX™ Professional for powerful faxing and communication capabilities
- JetForm® E-Forms To Go for streamlining data entry tasks using electronic forms

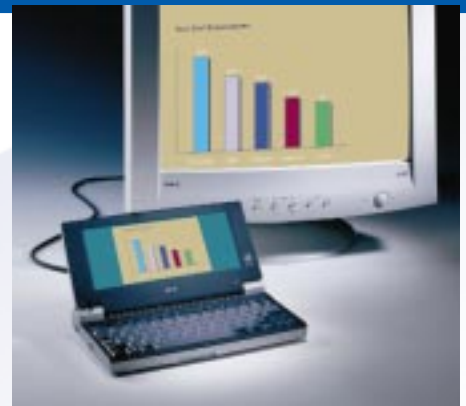

DATA SYNCHRONIZATION MADE EASY

The MobilePro 750C H/PC ensures that its data always matches that of your desktop or notebook PC. Use the PC docking cable accessory, the MobilePro 750C H/PC's infrared port or modem to connect with your desktop or notebook computer. Then let Windows CE Services 2.0 with ActiveSync™ do the work.

This software (installed on your PC) provides automatic, no-hands replication and synchronization of your appointments, contacts, tasks, e-mail and other essential files. Plus, it enables you to drag-and-drop files to move, copy and convert them to and from your PC and the MobilePro 750C H/PC.

MOBILE INTERNET ACCESS

Because the MobilePro 750C H/PC comes equipped with an internal 33.6Kbps modem and Microsoft Pocket Internet Explorer, the world is never more than a few clicks away—no matter where you are. Stay in touch with business associates, family and friends via e-mail, or surf the web. The MobilePro 750C H/PC makes Internet access quick and easy.

LET THE SHOW BEGIN

When it comes to portable presentations, the MobilePro 750C H/PC is in a league of its own. Now you can put your best foot forward, without having to lug your PC or going through a cumbersome setup with separate cards or adapters required by other handheld devices.

Featuring an integrated VGA port, the MobilePro 750C H/PC makes it convenient to display PowerPoint presentations using a desktop monitor. Simply drag-and-drop presentations from your PC to the MobilePro 750C H/PC. Hook up to an external monitor using the VGA cable—and it's showtime!

ONLY FROM NEC

The quality and dependability you've come to expect from NEC is built into every MobilePro 750C H/PC. Using NEC's own 80MHz V_R4111 microprocessor, the MobilePro 750C H/PC delivers robust performance combined with low power consumption.

LONG-LASTING POWER

The MobilePro 750C H/PC includes a rechargeable, lithium ion battery that provides up to 8 hours of power. The included AC adapter lets you conserve battery power when working at home or in your office, and automatically recharges your MobilePro 750C H/PC to get you ready for the road again.

EXCEPTIONAL SERVICE AND SUPPORT

Should something happen to your MobilePro 750C H/PC, NEC will make sure you're up and running again—fast. Our MobilePro UltraCare™ service provides free 24-hour technical support plus 72-hour, door-to-door repairs for the first year. You also receive 90 days of free software support. An optional 3-year extended warranty is also available.
