

COMPAQ DESKPRO 50M Personal Computer

The ultimate graphics PC.

Combine glorious graphics, the freshest 486 technology, the utmost in PC modularity, and this is what you get. The COMPAQ DESKPRO 50M.

It features the dazzling new COMPAQ QVision 1024/E Graphics Controller. Giving you breathtaking, photo-quality graphics in millions of color choices. All at breakneck speeds.

At 1024 × 768 resolution, you get more data on the screen, so there's less panning and scrolling. And with our powerful video controller, you get redraws in a heartbeat. In short, you get a beautiful way to boost productivity in everything from windowing applications to desktop publishing to CAD to multimedia. All from a single reliable source.

The remarkable new 486DX2/50 processor only makes matters better. With integrated coprocessor and cache, it runs up to 50% faster than 33-MHz 486 processors. Abundant RAM and fixed disk drive storage let you handle large files without even working up a sweat.

And, because it's a member of the COMPAQ DESKPRO/M Family of Personal Computers, this PC has Intelligent Modularity. Giving you an open road to even more power in the future. Quite simply, it's the ultimate combination of graphics, power and modularity. A combination you can find only at your Authorized COMPAQ Computer Reseller.

COMPAQ

Specifications

Standard Models

Model 340:	340-Megabyte Fixed Disk Drive, plus all the standard features listed.
Model 120:	120-Megabyte Fixed Disk Drive, plus all the standard features listed.
Model 1:	All the standard features listed.

Standard Features

Processor Board:	50-MHz 486DX2/50 microprocessor; 256-Kbyte two-way set associative cache memory design; socket for Weitek 4167 coprocessor.
System Architecture:	COMPAQ Flexible Advanced Systems Architecture (FLEX); EISA expansion bus compatible with 8/16/32-bit expansion boards.
Expansion Slots:	Total of five 8/16/32-bit EISA expansion slots: one slot with special features for video; four slots available for expansion boards.
Memory:	8 megabytes of 32-bit 80-ns enhanced-page RAM standard on processor board, expandable to 64 megabytes with optional memory expansion board.
Storage Devices:	3 1/2-Inch 1.44-MB Diskette Drive; 340-MB Fixed Disk Drive (average seek time 12 ms); 120-MB Fixed Disk Drive (average seek time 19 ms); four mass storage device positions; internal storage up to 1.02 GB; external storage up to 18.2 GB.
Interfaces:	Two serial, one parallel, one pointing device (mouse), one keyboard.
Integrated Controllers:	Diskette drives, fixed disk drives, tape drive.
Graphics:	COMPAQ QVision 1024/E Controller with 256 colors in 1024 x 768 resolution; 65,000 colors in 640 x 480 resolution.
Warranty:	One-year limited warranty.
Physical Specifications:	16.8"W x 14.8"D x 5.9"H (42.6cmW x 37.5cmD x 14.9cmH).

Power Supply: 240 watts with automatic line switching.

Security/Network: Power-on password; Quicklock/Quickblank; keyboard password; network server mode; diskette boot control; diskette drive control; fixed disk drive control; serial interface control; parallel interface control; EISA configuration lock; diskette write control; keylock; cable lock provision; Asset Management Provision.

Options

Memory:	Memory Expansion Board; Memory Modules (SIMMs): 8-MB, 4-MB, 2-MB, 1-MB.
Storage Devices:	5 1/4-Inch 1.2-MB Diskette Drive; 3 1/2-Inch 1.44-MB Diskette Drive; Fixed Disk Drives: 650-MB (18 ms) (Fixed Disk Expansion Unit Model 650 only), 510-MB (12 ms), 340-MB (12 ms), 210-MB (16 ms), 120-MB (19 ms), 60-MB (19 ms); Fixed Disk Expansion Unit Model 650; Advanced ESDI Controller; 1.3-/2.0-GB Digital Audio Tape Drive; 320-/525-MB Tape Drive; 150-/250-MB Tape Drive; 80-/120-MB Tape Drive; 60-MB Tape Drive; COMPAQ Intelligent Array Expansion System Model 2600; 1.3-GB Differential Interface Fixed Disk Drive; 32-Bit Intelligent Drive Array Expansion Controller.
Video:	QVision 170 Color Monitor; QVision 150 Color Monitor; VGA Color Monitor; Reduced Emissions Video Graphics Color Monitor; Video Graphics Monochrome Monitor; QVision 1024/E Controller.
Communications:	Serial/Parallel Interface Board; 2400-Baud Internal Modem; 32-bit DualSpeed Token Ring Controller; COMPAQ System Manager.
Software:	MS-DOS Version 5; MS-DOS Version 3; MS OS/2 Standard Version 1.21.
